

PLANNING SCHEME FOR THE SHIRE OF KINGAROY

PLANNING SCHEME FOR THE SHIRE OF KINGAROY

Adoption

The Local Government of Kingaroy Shire Council adopted this planning scheme on the twenty-fifth of July 2006.

Commencement

The planning scheme took effect on the twenty-eighth of July 2006.

A handwritten signature in black ink, appearing to read 'John Kersnovski', with a large, stylized initial 'J'.

John Kersnovski
CEO Kingaroy Shire Council

PART 1 – INTRODUCTION

Division 1 – Relationship to the Integrated Planning Act

| | | |
|-----|---|-----|
| 1.1 | Purpose of the Planning Scheme | 1-1 |
| 1.2 | Planning Scheme functions as part of the IDAS | 1-1 |

Division 2 – Planning Scheme Structure

| | | |
|-----|--|-----|
| 1.3 | Local Government Area divided into Localities, Zones and Preferred Land Use Areas | 1-2 |
| 1.4 | Local Government Area divided into Special Management Overlay Areas (SMOA) | 1-3 |
| 1.5 | Roads and Watercourses | 1-5 |
| 1.6 | Determining if Development is Exempt, Self Assessable or Assessable under the Assessment Tables in the Planning Scheme | 1-5 |
| 1.7 | Planning Scheme seeks to achieve Outcomes | 1-7 |
| 1.8 | Types and Application of Codes | 1-8 |
| 1.9 | Structure and Content of Codes | 1-8 |

Division 3 – Shire Outline

| | | |
|------|--------------------------------|-----|
| 1.10 | Introduction | 1-9 |
| 1.11 | Shire Outline Map | 1-9 |
| 1.12 | Outline of the Planning Scheme | 1-9 |

Division 4 – Interpretation

| | | |
|------|--|------|
| 1.13 | Definitions – the dictionary | 1-11 |
| 1.14 | Terms defined in the Integrated Planning Act (IPA) 1997 | 1-11 |
| 1.15 | Explanatory Notes assist interpretation of the Planning Scheme | 1-11 |

PART 2 – SHIRE WIDE OUTCOMES

Division 1 – Ecological Sustainability

| | | |
|-----|--|-----|
| 2.1 | Achieving the Desired Environmental Outcomes | 2-1 |
| 2.2 | Desired Environmental Outcomes | 2-1 |

PART 3 – DEVELOPMENT ASSESSMENT CATEGORIES AND CRITERIA FOR ZONES AND SPECIAL MANAGEMENT OVERLAY AREAS

Division 1 – Preliminaries

| | | |
|-----|--|-------|
| 3.1 | Development Assessment Categories and Assessment Criteria | |
| | 3.1.1 Assessment Categories for Development | 3.1-1 |
| | 3.1.2 Assessment Criteria for Self Assessable and Assessable Development | 3.1-1 |
| | 3.1.3 Consistent or Inconsistent Development | 3.1-2 |

Division 2 – Development Assessment Categories and Assessment Criteria for Localities and Special Management Overlay Areas (SMOAs)

| | | |
|-------|---|--------|
| 3.2 | Rural Locality | |
| 3.2.1 | Tables of Assessment Categories and Assessment Criteria | 3.2-1 |
| 3.2.2 | Rural Locality Code | 3.2-13 |
| 3.3 | Rural Residential Locality | |
| 3.3.1 | Tables of Assessment Categories and Assessment Criteria | 3.3-1 |
| 3.3.2 | Rural Residential Locality Code | 3.3-11 |
| 3.4 | Urban Locality | |
| 3.4.1 | Tables of Assessment Categories and Assessment Criteria | 3.4-1 |
| 3.4.2 | Urban Locality Code | 3.4-36 |
| 3.5 | Village Locality | |
| 3.5.1 | Tables of Assessment Categories and Assessment Criteria | 3.5-1 |
| 3.5.2 | Village Locality Code | 3.5-7 |

Division 3 – Assessment Provisions for Special Management Overlay Areas (SMOA)

| | | |
|-----|---|-------|
| 3.6 | Preliminary | 3.7-1 |
| 3.7 | Natural Features and Resources Overlay Code | 3.7-1 |
| 3.8 | Community Facility Overlay Code | 3.8-1 |
| 3.9 | Cultural Features Overlay Code | 3.9-1 |

PART 4 – DEVELOPMENT ASSESSMENT PROVISIONS FOR A STATED DEVELOPMENT

Division 1 – Preliminary

| | | |
|-----|-------------|-------|
| 4.1 | Explanation | 4.1-1 |
|-----|-------------|-------|

Division 2 – Specific Use Codes

| | | |
|------|--|------------|
| 4.2 | Dwelling House, Relatives Unit and Caretakers Residence Code | 4.2-1 – 9 |
| 4.3 | Multiple Dwelling Unit, Accommodation Building and Retirement Village Code | 4.3-1 – 9 |
| 4.4 | Bed and Breakfast and Small Scale Tourist Facility Code | 4.4-1 – 8 |
| 4.5 | Extractive Industry and Borrow Pit Code | 4.5-1 – 8 |
| 4.6 | Home-based Business Code | 4.6-1 – 5 |
| 4.7 | Child Care Centres Code | 4.7-1 – 4 |
| 4.8 | Telecommunications Facilities Code | 4.8-1 |
| 4.9 | Service Station and Car Washing Station Code | 4.9-1 – 3 |
| 4.10 | Farming Code | 4.10-1 – 8 |
| 4.11 | Animal Keeping and Intensive Animal Husbandry Code | 4.11-1 – 8 |
| 4.12 | Forestry Business Code | 4.12-1 – 5 |

PART 5 – INFRASTRUCTURE PROVISIONS

Division 1 – Preliminary

| | | |
|-----|---------------------------|-----|
| 5.1 | Infrastructure Provisions | 5-1 |
|-----|---------------------------|-----|

Division 2 – Infrastructure Provisions

| | | |
|-----|--|-----|
| 5.2 | Overall Outcomes for the Provision of Infrastructure | 5-1 |
| 5.3 | Infrastructure Agreements | 5-3 |
| 5.4 | Determination of Infrastructure Contributions | 5-3 |

SCHEDULES

| | | |
|---|--|----------------------------|
| 1 | Parking and On-Site Movement – Ratios, Design and Construction Standards | S1 – 1 – 5 |
| 2 | Internal, Connecting and External Infrastructure – Design and Construction Standards | S2 – 1 - 12 |
| 3 | Land Designated for Community Infrastructure | S3 – 1 – 3 |
| 4 | Advertisement Devices | S4 – 1 – 9 |
| 5 | Community or Recreational Use Class Listings | S5 – 1 – 9 |
| 6 | Non-Indigenous Cultural Heritage Sites Listings | S6 – 1 – 2 |
| 7 | Dictionary <ul style="list-style-type: none"> • Division 1 - Administrative Definitions • Division 2 - Purpose Definitions | S7 – 1 – 9 S7 – 10 – 27 |
| 8 | Design Standards for Community Safety | S8 - 1 |
| 9 | Rainwater Tank Provisions for the Standard Building Regulation 1993, part 3A | S9 – 1 – 2? |

PLANNING SCHEME POLICIES

| | | |
|--------|---|-------------|
| PSP 1 | Information Requests – General Assessment of Development Applications | P1 – 1 - 8 |
| PSP 2 | Information Requests – Development Applications affected by a SMOA | P2 – 1 |
| PSP 3 | Requirements for Cultural Heritage Management | P3 – 1 - 3 |
| PSP 4 | Management and Technical Criteria for Development in Potential Bushfire Risk Areas | P4 – 1 - 2 |
| PSP 5 | Landscaping | P5 – 1 – 5 |
| PSP 6 | Minor Quantities of Dangerous Goods | P6 – 1 – 2 |
| PSP 7 | Infrastructure Provisions | P7 – 1 - 23 |
| PSP 8 | Trails and Routes | P8 – 1 |
| PSP 9 | Public Car Parking Contribution | P9 – 1 |
| PSP 10 | Design and Construction Manual for Internal, Connecting and External Infrastructure | P10 - 1 |
| PSP 11 | Rural Subdivision Below 200ha | P11 - 1 |

PART 1 - INTRODUCTION

Division 1 – Relationship to the Integrated Planning Act

1.1 Purpose of the Planning Scheme

- (1) In accordance with the *Integrated Planning Act 1997* (IPA), the local government of Kingaroy Shire has prepared this planning scheme as a framework for managing development in a way that advances the purpose of the IPA¹ by identifying –
- (a) localities, zones, preferred land use areas and special management overlay areas within the local government area; and
 - (b) in respect of the zones and special management overlay areas:
 - (i) Assessment Tables which indicate the assessment categories for development being:
 - (A) exempt development;
 - (B) self assessable development; or
 - (C) assessable development;
 - (ii) assessable development which is:
 - (A) consistent; or
 - (B) inconsistent; and
 - (iii) assessment provisions in the form of:
 - (A) Acceptable Solutions for self assessable development; or
 - (B) Probable Solutions for assessable development; and
 - (C) outcomes sought to be achieved in the local government area as the context for assessing development that is assessable.

1.2 Planning Scheme functions as part of the IDAS

- (1) The planning scheme functions as part of IDAS² and must be read together with the IPA and including the Integrated Planning Regulations.

¹ Under IPA, s1.2.1, the purpose of the Act is to seek to achieve ecological sustainability by:

- (a) coordinating and integrating planning at the local, regional and State levels; and
- (b) managing the process by which development occurs; and
- (c) managing the effects of development on the environment (including managing the use of premises).

² IDAS – integrated development assessment system – is the system detailed in Chapter 3 of the Act for integrating State and local government assessment processes for development.

Division 2 – Planning Scheme Structure

1.3 Local Government Area divided into Localities, Zones and Preferred Land Use Areas

- (1) The planning scheme:
- (a) divides the local government area into four localities being those localities identified in Column 1 of Table 1;
 - (b) divides the localities into zones identified in Column 2 of Table 1;
 - (c) divides some zones into preferred land use areas identified in Column 3 of Table 1; and
 - (d) depicts the localities, zones and preferred land use areas identified in Table 1 on Zoning Map 1³ included at the end of this Part.

Table 1 – Localities, Zones and Preferred Land Use Areas

| Column 1- Locality | Column 2 - Zones | Column 3 – Preferred Land Use Areas |
|--------------------------|-------------------------|--|
| Rural | Rural | Open Space |
| Rural Residential | Rural Residential | Rural Residential B (RRB) Rural Residential C (RRC) |
| Urban | Residential | Residential A Residential B |
| | Community Expansion | Preferred Residential A Preferred Residential B |
| | Business and Commercial | Core Frame |
| | Parks and Open Space | |
| | Industrial | Light Industry Light Industry Expansion General Industry General Industry Expansion |
| Village | Village | Village A Village B Village Centre |

³ Zoning Map references are Zone Maps 1A – 1C.

1.4 Local Government Area divided into Special Management Overlay Areas (SMOA)

- (1) The planning scheme:
- (a) identifies parts of the local government area as being within Special Management Overlay Areas for Natural Features and Resources, Community Facilities or for Cultural Features identified in Column 1 of Table 2;
 - (b) depicts the Special Management Overlay Areas for Natural Features and Resources, Community Facilities or for Cultural Features identified in Table 2 on Overlay Maps 2A-F; and
 - (c) lists non-indigenous Cultural Heritage Sites shown in Cultural Features Overlay Map 2F, in Schedule 6 to this planning scheme.

Table 2 – Special Management Overlay Areas

| | Column 1 Special Management Overlay Areas (SMOA) | Column 2 Overlay Map Reference |
|---------------------------------------|---|---|
| NATURAL FEATURES AND RESOURCES | <p><u>Mineral & Extractive Resources and Buffer Areas:</u></p> <p>(a) Key Quarry Resource Sites</p> <p>(b) Mining Tenure</p> <p>(c) Coal Resource Outside Mining Tenure</p> <p>(d) Indicative 500m Buffer</p> | SMOA – 2A |
| | <p><u>Natural Hazard Risk Management Areas:</u></p> <p>(a) High to Moderate Potential Bushfire Risk Areas (Indicative)</p> | SMOA - 2B |
| | <p><u>Environmental Management Areas:</u></p> <p>(a) Regional Ecosystems:</p> <p style="padding-left: 20px;">(i) Critical Nature Conservation Network</p> <p style="padding-left: 20px;">(ii) Major Wetlands and Indicative 500m Buffer to Wetlands</p> <p>(b) Conservation State Lands:</p> <p style="padding-left: 20px;">(i) National Park</p> <p style="padding-left: 20px;">(ii) Forestry Reserve</p> <p style="padding-left: 20px;">(iii) Conservation Reserves</p> <p style="padding-left: 20px;">(iv) Indicative 500m Buffer on Abutting Lands</p> <p>(c) Water Quality Elements:</p> <p style="padding-left: 20px;">(i) Gordonbrook Dam – Physical Catchment</p> <p style="padding-left: 20px;">(ii) Water Resources</p> <p style="padding-left: 20px;">(iii) 800m Indicative Buffer to the Full Supply Level to Gordonbrook Dam</p> <p style="padding-left: 20px;">(iv) Waterways and Indicative Riparian Land 100m Buffer</p> <p style="padding-left: 20px;">(v) Other Drainage and Indicative Riparian Land 50m Buffer</p> | SMOA – 2C |

Table 2 – Special Management Overlay Areas

| | Column 1 Special Management Overlay Areas (SMOA) | Column 2 Overlay Map Reference |
|---|--|---|
| NATURAL FEATURES AND RESOURCES | <u>Economic Resources:</u> (a) Good Quality Agricultural Land: (i) Class A (ii) Class B (iii) Class C1 | SMOA – 2D |
| | <u>Buffer Area Management to Intensive Animal Husbandry & Industrial Zoned Land:</u> (a) Feedlot (b) Piggery (c) 1km Buffer to Feedlots and Piggeries (d) General Industry Preferred Land Use Area (GIPLUA) (e) 200 metre Area of Influence to GIPLUA | SMOA – 2D(i) |
| COMMUNITY FACILITY | <u>Community Facility (Aviation and Associated Facilities):</u> (a) Inner Horizontal Surface (IHS) Footprint (b) Approach and Take-off Surface (ATOS) Footprint | SMOA – 2E(i) |
| | <u>Community Facility (Major Utility):</u> (a) Salesyard (b) Waste Management Purpose (c) 500 metre Buffer to the above described Major Utilities (d) Water Uptake (e) 200m metre Buffer to the Water Uptake Point (f) Electricity Transmission Corridors (g) 200 metre Buffer to Major Electricity Facilities | SMOA – 2E |
| CULTURAL FEATURES | <u>Non-Indigenous Cultural Heritage Sites:</u> (a) Heritage Listed Sites – Schedule 6 (b) 500m Area of Influence in Rural Locality (c) Adjoining Properties of Influence in Other Localities | SMOA – 2F |

1.5 Roads and Watercourses

- (1) If a road or watercourse in the local government area is not shown as being covered by a zone on the Zoning Maps, the following applies:
 - (a) if the road or watercourse is adjoined on both sides by land in the same zone – the road or watercourse has the same zoning as the adjoining land;
 - (b) if the road or watercourse is adjoined on one side by land in a zone and adjoined on the other side by land in another zone - the road or watercourse has the same zoning as the adjoining land and the centreline of the road reserve or watercourse is the boundary between the two zones; or
 - (c) if the road or watercourse is adjoined on one side only by land in a zone – the entire road or watercourse has the same zoning as the adjoining zoned land.
- (2) To remove any doubt, it is declared that subsection (1) also applies to a closed road if the road is closed after the commencement of the planning scheme.

1.6 Determining if Development is Exempt, Self Assessable or Assessable under the Assessment Tables in the Planning Scheme

- (1) The planning scheme provides for the following in Part 3:
 - (a) Assessment Tables identify the assessment categories for development as being:
 - (i) exempt development,
 - (ii) self assessable development, or
 - (iii) assessable development; and
 - (b) Each Assessment Table specified below identifies in that table the levels of assessment for development:
 - (i) in a zone comprising a locality, and
 - (ii) in the special management overlay areas affecting the locality.

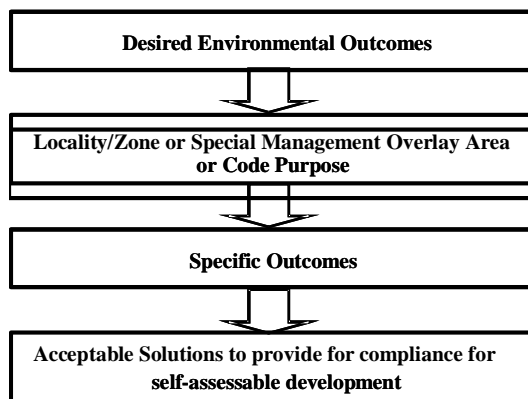

| | LOCALITY/ZONE | ASSESSMENT TABLE | | TYPE OF DEVELOPMENT |
|-------|-----------------------------|------------------|-----|----------------------------|
| (i) | Rural | Table 3 | A - | Material change of use |
| | | | B - | Other forms of development |
| (ii) | Rural Residential | Table 4 | A - | Material change of use |
| | | | B - | Other forms of development |
| (iii) | Urban | | | |
| | (a) Residential | Table 5 | A - | Material change of use |
| | | | B - | Other forms of development |
| | (b) Community Expansion | Table 6 | A - | Material change of use |
| | | | B - | Other forms of development |
| | (c) Business and Commercial | Table 7 | A - | Material change of use |
| | | | B - | Other forms of development |
| | (d) Industrial | Table 8 | A - | Material change of use |
| | | | B - | Other forms of development |
| | (e) Parks and Open Space | Table 9 | A - | Material change of use |
| | | | B - | Other forms of development |
| (iv) | Village | Table 10 | A - | Material change of use |
| | | | B - | Other forms of development |

- (2) The Assessment Tables also distinguish between assessable development that is categorised under the planning scheme as requiring code assessment or impact assessment.
- (3) If a development is affected by both a zoning and one or more special management overlay area, the highest level of assessment nominated within the Assessment Tables shall prevail as follows:
- development that is identified as *exempt*, is exempt from assessment under this planning scheme;
 - code assessable prevails over self assessable; and
 - impact assessable prevails over self assessable and code assessable.
- (4) A temporary event⁴ is not assessable for the purposes of regulating development under this planning scheme.
- (5) Land designated for community infrastructure identified in Schedule 3 to this planning scheme is, pursuant to chapter 2, part 6 of the Act, exempt to the extent that development would otherwise be self assessable or assessable under this planning scheme.

⁴ Temporary event is defined in Schedule 7.

1.7 Planning Scheme seeks to achieve Outcomes

- (1) The planning scheme seeks to achieve outcomes that are identified according to the following levels:
- (a) Desired Environmental Outcomes⁵;
 - (b) Overall Outcomes for zoned land and special management overlay areas respectively, or for the purpose of a code⁶;
 - (c) Specific Outcomes for zones and special management overlay areas and for uses and other forms of development; or
 - (d) Acceptable Solutions to provide for compliance for self assessable development.

⁵ Refer Shire-wide outcomes (Part 2 – Division 1).

⁶ Refer Parts 3 and 4.

1.8 Types and Application of Codes

(1) The planning scheme includes the following Codes:

| Column 1 Code Type | Column 2 Reference |
|---|-----------------------|
| Locality Codes applying to zones identified on Zoning Maps | Part 3 – Division 2 |
| Special Management Overlay Area Codes applying to lands identified on Overlay Maps | Part 3 – Division 3 |
| Use Codes applying to development of a stated purpose | Part 4 – Division 2 |

(2) The codes are applicable to self assessable and assessable development in accordance with Section 3.1.2 herein.

1.9 Structure and Content of Codes

(1) Each code comprises:

- (a) the *Purpose of the Code*, expressed as a series of overall outcomes sought for the relevant location or form of development;
- (b) the *Specific Outcomes* which identify criteria for achieving the overall outcomes for the relevant location or form of development; and
- (c) the *Acceptable Solutions* with which self assessable development must comply.

(2) For assessable development, Probable Solutions:

- (a) provide a guide for achieving the related Specific Outcomes in whole or in part, and
- (b) do not limit the assessment manager's discretion under the IPA to impose conditions on a development approval.

(3) A code that is applicable to a material change of use is also applicable to the ongoing use that results from that change⁷

⁷ IPA, s2.1.23(3) (Local planning instruments have force of law) relates with respect to regulating the use of premises, and also IPA, s4.3.4 (Compliance with identified code for use of premises) with respect to an offence under the Act.

Division 3 – Shire Outline

1.10 Introduction

- (1) This division provides an explanation of the strategic framework supporting the planning measures embodied in this planning scheme.
- (2) The explanation of the strategic framework does not provide a basis for development assessment under the planning scheme.

1.11 Shire Outline Map

- (1) Shire Outline Maps 1 to 3 at the end of this Part provide the spatial representation of the achievement of the desired environmental outcomes identifying the broad development pattern and corresponding community infrastructure resulting from the implementation of the planning scheme measures.
- (2) The Shire Outline Maps do not provide a basis for development assessment under the planning scheme.

1.12 Outline of the planning scheme

- (1) The affects of Parts 3, 4 and 5 of this planning scheme on the location and nature of land use and development depicted on the Shire Outline Maps is explained as follows:

(a) Valuable features – nature conservation, scenic landscapes and environmental management (Shire Outline Map 1):

| Nomination | Explanation |
|-------------------------------|---|
| Regional Ecosystems | Lands, habitats, sites and places possessing significant environmental, cultural heritage and indigenous values requiring careful management |
| Conservation Areas | Government lands possessing significant environmental values needing protection |
| Water Quality Elements | <ol style="list-style-type: none"> (a) Impoundments possessing significant ecological, recreational, health, scenic and economic values (b) Identified major waterways and associated riparian lands integral to the health of the Shire's land and water resources (c) Land comprising the water catchment area to impoundments involving the physical catchment to Gordonbrook Dam |

**(b) Valuable features and land use – rural sector and urban economic development
(Shire Outline Map 2):**

| Nomination | Explanation |
|--|---|
| Rural Sector | <p>(a) Good quality agricultural land supporting mixed farming, rural industry and agro/eco-tourism sectors</p> <p>(b) Good quality pastoral lands supporting pastoral and intensive animal husbandry sectors</p> <p>(c) Balance rural lands:</p> <p>(i) not expected to satisfy expected urban or rural residential growth</p> <p>(ii) supporting the open rural landscape character and rural sectors integral to the Shire</p> |
| Natural Resources | Committed mining tenures and major extractive industry operations protected from alienation or diminished productivity |
| Tourism Opportunity Areas | <p>(a) Natural, rural, mining, heritage, indigenous and water-based attributes and values offer key hubs for visitors and tourists</p> <p>(b) Strategic links and circuits on major roads facilitating:</p> <p>(i) landscape appreciation</p> <p>(ii) convenient access within the Shire</p> <p>(iii) connections to tourism opportunities in the region</p> |
| Commercial/Community Centres | <p>(a) The hub of commercial, community and recreational facilities and services focussed on the towns of Kingaroy for comparison and high order services</p> <p>(b) Other centres providing local and rural services and community functions at Kumbia and Wooroolin</p> |
| Key Business and Industry Opportunities | Nodes accommodating business and industry growth and development that are focused on medium scale and aviation related enterprises in Kingaroy town |

(c) Major land use and infrastructure relationships (Shire Outline Map 3):

| Nomination | Explanation |
|---------------------------------------|---|
| Key Settlement Pattern | <p>(a) Lands accommodating development of land uses, facilities and services supporting the mainstay of urban growth in the Shire through infill and incremental expansion on suitable lands in nominated towns</p> <p>(b) Urban growth and development associated with the villages accommodated through infill and consolidation with an emphasis on serves and trades supporting the rural district</p> <p>(c) Localities identified as convenience service hubs with infill of the existing subdivision pattern</p> <p>(d) Lands close to towns and villages providing for low density to semi-rural style living in a rural setting through infill and consolidation</p> |
| Solid Waste Management Network | Lands accommodating committed solid waste management services protected from alienation or diminished operations |
| Transport Hierarchy | <p>(a) Settlement areas connected within the Shire and to areas outside the Shire by existing highways and major roads protected for the safe and effective movement of passenger, freight and tourist vehicles</p> <p>(b) The Kingaroy to coast/port rail connection maintained via the existing rail corridor as an alternative to road transport</p> |
| Electricity Network | High voltage electricity transmission corridors and substations protected for effective operations |
| Aerodromes | Committed airport facilities protected for growth and diversification based on regional aviation services from Kingaroy airport |
| Water Infrastructure | Essential water storage and supply infrastructure protected so a secure and reliable service is provided to the region |

Division 4 – Interpretation

1.13 Definitions – the dictionary

- (1) The dictionary in Schedule 7 defines particular words used in this planning scheme.
- (2) The definitions in Schedule 7 are divided into:
 - (a) defined administrative terms in Division 1; and
 - (b) defined purposes and purpose groups in Division 2.
- (3) Terms used in this planning scheme that are not defined in Schedule 7 or by the IPA, that are defined in a local law have the meaning assigned by the local law.
- (4) Except if defined in the dictionary, by the IPA or in a local law, terms defined in an Act of the Queensland Parliament have the meaning assigned by the legislation, if relevant to development subject to this planning scheme.
- (5) Terms otherwise undefined in this planning scheme shall have the meaning assigned to them in common usage, unless the context otherwise indicates or requires. For undefined terms, a common reference that will be relied on by Council is the *Macquarie Australian Dictionary*⁸.

1.14 Terms defined in the Integrated Planning Act (IPA) 1997

- (1) Terms defined in the IPA have the same meaning as that given in the IPA.

1.15 Explanatory Notes assist interpretation of the Planning Scheme

- (1) The Kingaroy Shire Council Planning Scheme Explanatory Notes are declared to be extrinsic material under the *Statutory Instruments Act 1992*, section 15 that assist interpretation of the provisions of this planning scheme.⁹
- (2) Where footnotes appear in the planning scheme, they provide explanatory information only and do not form part of the planning scheme. Reference should be made to any source document cited in any footnote if further or better details are required on the information provided.

⁸ The latest edition.

⁹ The explanatory notes are in two parts. Part 1 addresses Expectations for the local government area and how the planning scheme responds and Part 2 provides an Explanation of the planning scheme provisions. The Statutory Instruments Act 1992 allows a statutory instrument (such as a planning scheme) to identify material (in the case of the Kingaroy Shire Council Planning Scheme Explanatory Notes) that may be used to assist in the interpretation of provisions of the instrument.

PART 2 - SHIRE WIDE OUTCOMES

Division 1 – Ecological Sustainability

2.1 Achieving the Desired Environmental Outcomes

- (1) The desired environmental outcomes are based on the elements of ecological sustainability defined in the IPA.
- (2) Ecological sustainability for the Shire will be advanced if each desired environmental outcome is realized to the extent practicable having regard to all other desired environmental outcomes.
- (3) The desired environmental outcomes are the basis for the measures outlined in Part 3, 4 and 5 of the planning scheme.

2.2 Desired Environmental Outcomes

- (1) The desired environmental outcomes for Kingaroy Shire are that the nature, location, design and operation of development:
 - (a) *protects* the environmental values of the Shire's natural features, significant native vegetation, land resources, geological attributes, natural resources and non-renewable resources from any adverse affects from disturbance, pollution or degradation.
 - (b) *minimises* adverse affects upon the quality and quantum of surface and ground waters suitable for servicing needs in the region.
 - (c) *minimises* risks to the safety and wellbeing of people, property and the natural environment (as resulting from impacts from natural, technological and development related hazards) to an acceptable level.
 - (d) *protects* the economic values of extractive and mineral resources, good quality agricultural land, water and land resources and timber resources, so facilitating their availability for sustainable use to satisfy the needs for these resources in the region.
 - (e) *provides* a benefit to, and fulfils an economic demand from, the community and makes good any detriment to the residents of the area in which it is located as a result of:
 - (i) existing or planned services, or
 - (ii) people being put in jeopardy by the development due to physical or financial causes.
 - (f) *minimises* conflicts between activities, traffic and infrastructure elements, and maintains the existing and planned character and amenity of the area in which development is located.
 - (g) *ensures* that demand on community and emergency services are met to a level which is commensurate with standards for environmental health and public wellbeing.
 - (h) *occurs* where services and facilities required in respect of the development are existing, planned or provided by the developer, ensuring efficient, cost effective, orderly, equitable and environmentally sound use or provision of physical infrastructure, so

acceptable standards for environmental health and public wellbeing are maintained.

- (i) **contributes** positively towards the efficient, orderly and integrated use and expansion of the Shire's movement systems, for safe, non-discriminatory and convenient access and movement within and around the Shire.
- (j) **contributes** positively towards maintaining a strong, productive economy built on:
 - (i) protecting the competitive advantages of the primary industry sectors,
 - (ii) diversifying primary and secondary industry sectors,
 - (iii) supporting the infrastructure sectors and information technology;
 - (iv) diversifying tourism products on the basis of sustainable use of the natural, historic, indigenous, water and rural based attributes supported by a range of services and facilities appropriate to the natural and rural setting, and which meet the needs of visitors to the region, and
 - (v) protecting the local employment and skills development sectors.
- (k) **protects and consolidates** the commercial and community services provided through business and commercial centres identified in the planning scheme so that the centres:
 - (i) support the rural, resource and tourism sectors, and
 - (ii) satisfy the community's needs for goods, services and facilities reasonably expected to cater to rural, rural residential and urban localities.
- (l) **protects** the built and street environments.
- (m) **protects** the indigenous and non-indigenous cultural heritage values of the places, features and landscapes that reflect the community's history and identify.
- (n) **provides** reasonable access to appropriate and affordable housing to meet the differing needs of residents within the Shire.
- (o) **facilitates** equity of access to a range of community, recreational and open space facilities and services which effectively maintain social standards.
- (p) **protects** the scenic values of the diverse rural and natural landscapes in the Shire, particularly relative to these seen from major transport corridors and vantage points.
